ACKNOWLEDGMENT

I would like to thank all those involved in the Lower Bear River Distribution System for all their help and support in obtaining and maintaining accurate records this past year.

We had another relatively dry summer this year. With measurements taken at my home, we received less than 2.5 inches of precipitation from April 1st through the last week of August. We did received slightly over 2.5 inches of precipitation from the lat week of August to September 30. This precipitation however, came too late for most crops.

The Outlet Canal releases commenced on May 6th and continued through October 1st. The elevation at Bear Lake peaked on May 22nd at 5919.78 ft. The lake elevation was 5915.45 ft on October 30th and The Rainbow inflow was 157 cfs.

MINUTES OF THE LOWER BEAR RIVER DISTRIBUTION COMMITTEE MEETING

**February 10, 2000
Bridgerland Vocational Center, Logan, Utah**

The water rights committee meeting was called to order at 9:00 am with Charles Holmgren conducting. He welcomed everyone to the meeting and then asked for a reading of the minutes by John Larsen of the Division of Water Rights. There were no corrections to be made to the minutes so a motion to accept them was made by Darwin Allen, seconded by Howard Andersen, motion passed.

Mr Lee Sim of the Division of Water Rights then read the financial report for the past year. The balance of the distribution funds at the beginning of the year was \$13,595.12, total receipts at \$27,043.34, expenditures at \$26,700.96 giving a balance at the end of the year of \$13,937.50. There were nine accounts delinquent at the end of the year for a total of \$280.85. The amount expended for equipment expense of \$296.69 was for a computer monitor for Terry. A motion was made by Fred Selman to accept the financial report, seconded by Howard Andersen, the voting was unanimous.

Terry Gnehm then gave his commissioner's report for the year. He mentioned the summer was very dry and other than a few isolated thundershowers along the Bear River, there was very little precipitation from June through November. By mid-June, Bear Lake elevation was at 5922.65 with releases beginning. The contract work for storage water is still on going between Pacific Corp and the irrigators. Cutler Reservoir did drop twice through the season which effected several pumpers. He then discussed several of the delinquent accounts and means for contacting the individuals involved. Terry also mentioned he has added a new account for Todd Ballard, account 58 to the report. He also has added to the summary portion of his report the months of October and November to show the water use from the East and West Wheelon Canals during these months. Jim Watterson then complimented Terry for the quality of his report and for the job he is doing and made a motion to accept his report, this was seconded by Fred Selman, the voting was unanimous.

Lee discussed budget proposals for next year. After some discussion the budget for 2000 was set as follows: Salary \$15,700.00 Social Security \$1,201.00, Retirement \$2,473.00, Travel Expense \$1,600.00, Insurance Premiums \$5,000.00, Telephone \$300.00, Committee Expense \$800.00, Annual Report \$726.00, Miscellaneous Expense \$154.00 for a total budget of \$27,594.00. The assessment was set at \$26,250.00. A motion to approve the budget and assessment was made by Jim Watterson, seconded by Darwin Allen, all approved.

Terry Gnehm was then recommended by Fred Selman to be commissioner for 2000, seconded by Jim Watterson, the voting was unanimous.

With no further business the meeting adjourned at 10:35 am.
